Subject: Application Letter —ICT Associate Intern

Dear Hiring Manager,

I am writing to express my interest in the ICT Associate Internship (Requisition #591041) with UNICEF at the Central Services Center in New York.

I am a Computer Science graduate with a strong background in IT support, networking, and system administration. I have hands-on experience with Windows environments, LAN/WAN networking, and troubleshooting end-user systems. Additionally, my experience as a full-stack developer has strengthened my problem-solving skills, attention to detail, and ability to work with modern digital tools.

I am particularly interested in this opportunity as it aligns with my passion for IT service delivery and infrastructure support. I am confident in my ability to contribute effectively to help desk operations, equipment management, and network support activities while learning from a highly professional and diverse environment.

I am highly motivated, adaptable, and committed to delivering quality results. I would welcome the opportunity to contribute to UNICEF's mission while further developing my technical and professional skills.

Please find my CV attached for your consideration. I look forward to the opportunity to discuss my application.

Thank you for your time and consideration.

Sincerely,

Yihunie Tarekegn
